

Understanding Your Reference Dashboard

After you have logged into PetroCore Reference, you will see your Reference Dashboard. From here, you can access your course materials, as well as use the other functions to help you with your learning.

As a course Participant, your Dashboard should look similar to the image below. If you were a course Subscriber, you would see more information, since you'd have unlimited access to all of the PetroSkills courses.

Header

The header consists of several parts:

- **PetroCore Logo** – Clicking on this will take you to the PetroCore landing page.
- **Submit Feedback** – Clicking on this link opens a window that allows you to send feedback about PetroCore Reference.
- **Log Out** – Logs you out of PetroCore Reference.
- **Search Bar** – Allows you to search the entire PetroCore Reference for specific material.

Breadcrumbs

The breadcrumbs trail helps you navigate through the PetroCore Reference website. It keeps track of where you are and how you got there, so you can easily click on the links to get back to a previous page.

In the image below, you can see an example of a breadcrumb trail. Clicking on any of the blue links will take you back to that page, including the house icon, which will take you back to your Reference Dashboard. The rightmost text in gray indicates the current page you are viewing.

[🏠 PetroCore Reference](#) > [Well Log Interpretation](#) > [Resistivity Logging](#) > [Electrical Surveys](#) > **Electrical Logging**

Left Panel

The left panel displays your name, profile picture, title, bio (expandable), and Edit Profile link. (Course subscribers would also see a list of Positions underneath the profile, from which they can browse course material from.)

Main Screen

The main page consists of three columns:

- **Browse by Collection/Course list** – For Participants, the first column lists the courses they are enrolled in. Subscribers see all of the PetroSkills courses.
- **Notes** – This column lists any notes you have made within your course material.
- **Bookmarks** – This column lists any pages within your course material that you've bookmarked.

You can use any of the items in these columns to navigate to your course materials.
