

Resetting a Lost or Forgotten Password

If you forget or lose your password, you can recover it from the Login screen.

- 1 Click on the **Forget my password?** link on the Login screen.

- 2 Enter your PetroCore Reference email address in the **E-mail address** field, and then click the **Reset** button.

An email will be sent to you with a temporary password.

- 3 Log in with your temporary password.
- 4 Change your password by clicking on the **Edit Profile** link on your Reference Dashboard, and then use the **Edit Password** function. For instructions, see "Changing Your Password."
