

# Changing Your Password

- 1 Click on the **Edit Profile** link, located on the left panel of your Reference Dashboard.

The 'Edit User Profile' window appears.

- 2 Click the **Edit Password** link. The fields to change your password appear.

- 3 Type in your current password into the **Old Password** field.
- 4 Type in your new password into the **New Password** field.
- 5 Type in your new password again into the **Confirm Password** field.
- 6 Click the **Save** button.

Password:

Old Password:	••••••••
New Password:	••••••••
Confirm Password:	••••••••

Your password has now been changed.
